PROFESSIONAL SUMMARY

Results-driven Frontend Developer with strong expertise in React, Next.js, and TypeScript. Skilled in building responsive, user-centric web applications with advanced state management (Redux Toolkit, Context API) and seamless RESTful API integration. Committed to clean, maintainable code and modern UI/UX standards. Collaborative team player with a passion for continuous learning and delivering high-quality, scalable solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

- **State Management:** Redux Toolkit, Context API, React Query

- **Styling & UI:** Tailwind CSS, Hero UI, Tools UI, Responsive Design

- **APIs & Data Handling:** RESTful APIs, Axios, Fetch API

- **Version Control:** Git, GitHub

- **Deployment & Tools:** Vercel, Netlify, VS Code, npm, Figma (basic UI design)

- **Other:** Problem Solving, Clean Code, Debugging, Team Collaboration

PROFESSIONAL EXPERIENCE

Front-End Development Intern
Route | Mar 2025 – Present

- Developed multiple frontend projects using React, Next.js, and TypeScript, focusing on responsive and user-friendly design.

- Implemented advanced state management with Redux Toolkit and React Query, optimizing complex application states and improving performance.

- Styled modern, accessible interfaces using Tailwind CSS and Hero UI, ensuring consistency and usability across devices.

- Integrated RESTful APIs and engineered reusable, scalable components, enhancing maintainability and code quality.

- Deployed personal portfolio projects, demonstrating best practices in frontend development and modern deployment workflows.

PROJECTS

Simple Web App – Next.js
Jul 2025 – Sep 2025

- Developed a responsive web application with Next.js, React, and Tailwind CSS, achieving cross-device compatibility.
- Integrated APIs using Axios and managed forms with React Hook Form, streamlining data handling and user input.
- Built reusable components and implemented basic routing to enhance code reusability and navigation.

E-Commerce Platform – Next.js / TypeScript
Sep 2025 – Oct 2025

- Built a full-featured e-commerce website using Next.js, TypeScript, and Context API, increasing user engagement with wishlist, shopping cart, and search functionalities.
- Implemented authentication and protected routes using Next-Auth, ensuring secure access and user data protection.
- Deployed production build on Vercel with server-side rendering (SSR) optimization for improved performance.

Social App – React.js
Jul 2025

- Created a social media application with React, Redux, and Tailwind CSS, featuring posts, likes, comments, and real-time updates.
- Utilized Redux and Context API for robust global state management.
- Developed a responsive login and registration system, enhancing user experience and accessibility.

EDUCATION

Bachelor's Degree in Information Systems
2021 – 2025 (Expected Graduation: June 2025)

LANGUAGES

- **Arabic:** Native
- **English:** Intermediate (B1) – Capable of reading documentation and participating in team discussions.
