

Zaynab Mohamed

Frontend Developer

Cairo, Egypt | +20 01020910926 | zm1485974@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFILE

Frontend Developer specialized in **React, Next.js, TypeScript, and Firebase**. Experienced in building scalable and responsive web applications with clean architecture, state management, REST API integration, and authentication systems. Skilled in using Firebase services including Firestore, Authentication, and Hosting to develop full-stack web solutions. Passionate about performance optimization, SEO, reusable component design, and delivering production-ready applications. Quick learner with strong problem-solving abilities and a continuous focus on improving technical skills and adapting to new technologies. Seeking challenging frontend opportunities focused on modern React/Next.js ecosystems and scalable web applications.

EXPERIENCE

- | | |
|---|------------------------------------|
| Route
<i>Front-End Development Intern</i> | Mar 2025 – Present
<i>Egypt</i> |
|---|------------------------------------|
- Developed scalable React and Next.js applications with TypeScript, serving 1000+ daily users.
 - Implemented Redux Toolkit and React Query for advanced state management, reducing redundant renders by 20%.
 - Built reusable components and responsive UI using Tailwind CSS.

PROJECTS

- | | |
|--|--|
| E-Commerce Platform <i>React, Next.js, TypeScript</i> | Live Demo GitHub |
| <ul style="list-style-type: none">Built a complete authentication system with protected routes using Next-Auth.Implemented shopping cart, wishlist, and search functionality with SSR optimization for better performance. | |
| Real Estate Platform <i>Frontend (Next.js, Tailwind.css) && Backend (Convex) && Clerk</i> | Live Demo GitHub |
| <ul style="list-style-type: none">Engineered a full CRUD system with dynamic data handling and real-time backend integration via Convex.Leveraged Next.js App Router architecture for optimized routing and layout management. | |
| CareHub Platform <i>Frontend (Next.js, Tailwind.css) && Backend (Appwrite, Database)</i> | Live Demo GitHub |
| <ul style="list-style-type: none">Clinic management dashboard with patient records and appointments.Frontendbackend integration using Appwrite databas | |

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3
Backend & Database: Firebase, Firestore, Firebase Authentication, Convex, PostgreSQL, Appwrite
State Management: Redux Toolkit, React Context, TanStack React Query
Tools & Platforms: Git, GitHub, Vercel, Postman, Figma, NextAuth.js
Other: REST API Integration, SSR/SSG, Responsive Design, Performance Optimization, SEO Basics, Clean Code, Component-Based Architecture

EDUCATION

Bachelor's Degree in Information Systems <i>Dahshur Institute (Zosser) affiliated with Ain Shams University</i>	2021 – 2025 <i>Egypt</i>
